Dear Mr. Bonetti:

Re: Issuance of Requested Termination of  
NPDES Permit No. ING040251  
AML Site 1615 Chandler Bridge  
Chandler, Indiana  
Warrick County

This agency has reviewed the request, dated January 12, 2011, for the termination of the above-referenced permit. According to the letter the construction activities have been completed. The IDNR Division of Reclamation has confirmed this information. Our office therefore concurs that general permit coverage under 327 IAC 15-7 is no longer necessary and an NPDES permit is no longer required.

Therefore, National Pollutant Discharge Elimination System Permit No. ING040251, issued November 16, 2010, is hereby revoked effective 18 days from the mailing date of this letter.

Any party adversely affected or aggrieved by this decision may appeal by filing a petition for administrative review with the Office of Environmental Adjudication (OEA) within eighteen (18) days after the date of mailing of this letter. Any appeal request must be filed in accordance with IC 4-21.5-3-7 and must include facts demonstrating that the party requesting appeal is the applicant, a person aggrieved or adversely affected by this voidance or otherwise entitled to review by law. Pursuant to IC 13-15-7-3, this decision shall remain in effect pending a decision on any appeal that has been timely requested under the provisions of IC 4-21.5. The address is:

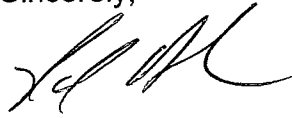

Office of Environmental Adjudication

Sincerely,
